All school fees, as per invoice raised by school, must be cleared before a student starts attending classes. If fee(s) are paid by the Employer of either parent/s of the student, then an undertaking for the payment of fees (form available with the admissions kit) should be completed and submitted to the school before billing. The school fee accounts are maintained student wise irrespective of company/parent payment. Therefore, all statements of account will be balanced by student names only. In the event of any delay in payment of dues on account of any of the item under Schedule of Fees, the School in addition to charging of applicable late payment charges thereon, reserves the right to withhold any and all documents pertaining to the concerned student including Academic reports / Transcripts / Transfer Certificate / School Leaving Certificate till such time the dues are cleared along with applicable late payment charges. By default, fee due reminders will be sent to the parents’ email IDs. The school's decision will be final and binding with respect to all matters concerning school fees.
